American Chemical Society

## Victor K. LaMer Award

for graduate research in colloid and surface chemistry

### \$2500 PRIZE

The Division of Colloid and Surface Chemistry of the American Chemical Society invites nominations for the Victor K. LaMer Award for Graduate Research in Colloid and Surface Chemistry. The Award prize is \$2500 and a certificate. The 38th of these annual awards is to be presented at the 81<sup>st</sup> Colloid and Surface Science Symposium, to be held June 24-27, 2007 at the University of Delaware.

#### **ELIGIBILITY:**

The award is for an outstanding Ph.D. thesis accepted by a US or Canadian university during the three year period September 1, 2003 to August 31, 2006. This year's nomination process will be electronic again, and previous years' nominations must be resubmitted.

#### **NOMINATION:**

Nomination may be made by the thesis advisor or anyone familiar with the nominee's work. The following items must be emailed as four separate files to Darrell Velegol in PDF format: 1) the nomination letter, 2) the PhD thesis, 3) a supporting letter from an additional person, 4) a biography of the nominee. The nomination material must be received by November 30, 2006.

#### **CRITERIA:**

- 1 The judges will consider originality, significance, quality, and other criteria normally accepted in evaluation of scientific work.
- 2 Special attention will be paid to the contribution of the student as distinct from the contribution of the advisor. *The nomination should clearly differentiate the two efforts.*
- 3 The potential and promise of the student as a future investigator will be considered. Therefore, achievement by the student prior to and after completion of the thesis may be discussed. PDFs of papers published after the thesis will be helpful.

Please email PDFs of materials to:  
**Professor Darrell Velegol**  
**Department of Chemical Engineering**  
**Penn State University**  
**University Park PA 16802**  
**phone: 814-865-8739**  
**email: velegol@psu.edu**

**DEADLINE: The nomination material must be received by November 30, 2006**

## AWARD RECIPIENTS

1970	Charles W. Querfeld	Department of Physics	Clarkson College of Technology
1971	Edward McCafferty	Department of Chemistry	Lehigh University
1972	Donald E. Brooks	Department of Biochemistry	University of Oregon
1973	W. Henry Weinberg	Department of Chemical Engineering	University of California Berkeley
1974	Stephen L. Brenner	Department of Chemistry	Indiana University
1975	Michele Flicker	Department of Chemistry	Massachusetts Institute of Technology
1976	Felix T. Hong	Department of Biophysics	Rockefeller University
1977	Hung Dah Shih	Department of Materials Science	SUNY, Stony Brook
1978	Frederick A. Putnam	Department of Chemical Engineering	Carnegie-Mellon University
1979	Eduardo D. Glandt	Department of Chemical Engineering	University of Pennsylvania
1980	Wilson Ho	Department of Physics	University of Pennsylvania
1981	Michel Deeba	Department of Chemistry	University of Wisconsin-Milwaukee
1982	Mark A. Barteau	Department of Chemical Engineering	Stanford University
1983	David G. Welkie	Department of Materials Science	University of Wisconsin-Madison
1984	Jeffrey Harwell	Department of Petroleum Engineering	University of Texas, Austin
1985	Syed Qutubuddin	Department of Chemical Engineering	Carnegie-Mellon University
1986	Manoj K. Chaudhury	Department of Chemical Engineering	SUNY, Buffalo
1987	Peter S. Kirlin	Department of Chemical Engineering	University of Delaware
1988	James P. Ebel	Department of Chemical Engineering	Carnegie Mellon University
1989	John M. Vohs	Department of Chemical Engineering	University of Delaware
1990	Andrea K. Myers-Beaghton	Department of Chemical Engineering	Princeton University
1991	Antonios G. Mikos	Department of Chemical Engineering	Purdue University
1992	Andrew D. Johnson	Department of Chemistry	Massachusetts Institute of Technology
1993	Robert D. Tilton	Department of Chemical Engineering	Stanford University
1994	Paul E. Laibinis	Department of Chemistry	Harvard University
1995	Vicki L. Colvin	Department of Chemistry	University of California Berkeley
1996	Frank M. Zimmerman	Department of Physics	Cornell University
1997	John Levins	Department of Chemical Engineering	University of Pennsylvania
1998	Darrell Velegol	Department of Chemical Engineering	Carnegie Mellon University
1999	Younan Xia	Department of Chemistry	Harvard University
2000	Yunfeng Lu	Department of Chemical Engineering	University of New Mexico
2001	Garth J. Simpson	Department of Chemistry and Biochemistry	University of Colorado
2002	Christopher D. Zangmeister	Department of Chemistry	University of Arizona
2003	Teri Wang Odom	Department of Chemistry	Harvard University
2004	James E. Smay	Department of Materials Science and Engr.	University of Illinois
2005	Christy L. Haynes	Department of Chemistry	Northwestern University
2006	Jwa-Min Nam	Department of Chemistry	Northwestern University
